Individual and Family Health Care Plans
for **Wisconsin**

Our plans fit your plans

Lumenos[®] HSA Plus

Our plans fit the way you live.

In a world that's constantly changing, one thing's for certain: it's important to have health care coverage you can depend on – coverage designed to help fit your budget, and your way of life.

For over 65 years, Anthem Blue Cross and Blue Shield has provided health care coverage and security to our Wisconsin neighbors. And now, we're pleased to offer these same Individual health care plans with added benefits and features of the Patient Protection and Affordable Health Care Act.

You're in charge of your health and budget, and our Individual health care plans help keep it that way. We still offer a wide range of coverage options as unique as you are. And if you have any questions, we're here to help.

Sounds like a plan.

Experience you can rely on

Anthem is committed to helping simplify your life and improving your health. That's why we offer:

- **One of the largest provider networks in Wisconsin.** With more than 10,000 doctors and specialists and over 125 hospitals throughout the state, chances are your doctor is in one of our networks.
- **A choice of plans to help fit your budget and lifestyle.** No matter where you are in life, we've got a plan designed to help fit your health coverage needs, as well as your budget.
- **Optional dental and life insurance.** To enhance your health, we also offer dental and term life coverage and make it easy to enroll.
- **Coverage that travels with you.** No matter where life takes you, your health coverage goes with you. And network providers in the BlueCard® program across the country will help make it easy to get access to the care you need.
- **ConditionCare** to provide one-on-one help from trained professionals in managing chronic conditions like asthma, diabetes, coronary artery disease, chronic obstructive pulmonary disease and heart failure.
- **Future Moms**, a program designed to help you have a healthy pregnancy. While not maternity coverage, Future Moms provides educational materials, certain screenings and 24/7 phone access to registered nurses.

Save on the cost of your coverage with the Blue Preferred Plus® POS Network

Anthem offers a choice of provider networks: Blue Access® (PPO) and Blue Preferred Plus® (POS). The Blue Preferred Plus POS® network offers a lower premium with the same flexibility as our PPO network. Like the Blue Access® network, you are not required to choose a PCP or to obtain referrals. Plus, you have the same access to network providers nationally and worldwide through the BlueCard® program. To find a Blue Preferred Plus® POS provider, go to anthem.com >>"Find a Doctor". Then select Blue Preferred Plus® (POS) under "Select a plan".

Some definitions so we're all on the same page

Network Discounts: With Anthem, you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 10,000 doctors and specialists and more than 125 hospitals, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO and POS plans, you can always choose to receive services outside the network, but your share of the cost will be greater.

Cost-Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment is a specific dollar amount you have to pay for certain covered services.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most covered services for the rest of the calendar year.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Tiers represent a cost level within the generic and brand name prescription drug categories. The prescription drug coverage under your health care plan will differ for each of these tiers. Not all products have this tiering.

- **Tier 1:** Generally includes generic drugs and a few lower cost brand name drugs.
- **Tier 2:** Generally includes higher cost generic and brand name drugs.
- **Tier 3 and 4:** Highest cost brand name drugs.

Formulary is a list of prescription drugs our health care plans cover. They include generic and preferred brand name drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans. Formulary lists can be found at anthem.com.

Health Savings Account (HSA) is a special bank account that can be set up by a member enrolled in a qualified HSA-compatible high deductible health plan. Contributions to this account can be made with certain tax advantages and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax advisor.

Lumenos[®] HSA Plus Is this the right plan for you?

Lumenos HSA Plus health plans were designed to give you more control over your health care costs. They help you focus on getting healthy and staying that way.

Lumenos HSA Plus Plan Highlights

This plan offers traditional health coverage benefits that can be paired with a Health Savings Account (HSA) for more flexibility and potential tax advantages. Simple plan designs make using them that much easier.

Features:

- Preventive care benefits that help you focus on staying healthy.

Anthem 360 Health[®]

- MyHealth@Anthem[®]: Health assessments, resource centers, and health calculators so you see progress and stay motivated.
- 24/7 NurseLineSM: Health information from a registered nurse whenever you need it.
- MyHealth Coach: Personal help with a wide range of health needs, primarily high blood pressure, high cholesterol, low back pain, musculoskeletal issues like arthritis, and certain types of cancer.
- Healthy Lifestyles Programs: Our proven “Tobacco-Free” and “Healthy Weight” programs help you adopt new habits for a healthy lifestyle with personalized support and educational resources.
- SpecialOffers@AnthemSM: Members-only discounts help you stretch your health account even further with savings on services and products that promote a healthy lifestyle.

You should know:

- Maternity benefits are not available with this plan.
- Your Lumenos HSA Plus plan has a policy-level deductible and out of pocket maximum. Once any combination of covered members on the policy meet these amounts, the plan pays 100% of covered expenses. It's that simple.
- While Lumenos HSA Plus is compatible with a Health Savings Account, your health care plan works with or without it. You may set up the HSA now, later, or not at all. It's your choice.

Prescription Drug Coverage

Lumenos HSA Plus not only puts you in charge of your health care dollars, it can help you use those dollars for generic and brand name prescription drugs in the way that best suits you.

Once your deductible is met, there is a coinsurance, if applicable, for covered prescription drugs. But even while you are meeting your deductible, you benefit from lower negotiated rates on prescription drugs at network pharmacies nationwide. There's no need to have a different deductible or copayment for prescriptions; it all works as one.

And since you decide how to spend it, your Health Savings Account dollars can be used to pay for prescription drugs – either while you are meeting your deductible, or afterward for those drugs not covered, like most over-the-counter medications.

How to Customize your Lumenos HSA Plus Plan

Choose your deductible: You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you. Remember, any covered member can contribute to some or all of the policy deductible and out of pocket maximum, whether the policy covers one member or a whole household.

Use your Health Savings Account the way you want: Your HSA, if you choose to open one, is funded by you. So, it is yours to use for qualified health care expenses covered by the plan, or those not covered at all, like contact lenses. Your HSA is also yours to keep if you ever leave the plan; you won't lose those dollars if they're not used. In fact, the carryover from year to year can help you save for future financial needs. See the enclosed insert from our preferred banking partner for more information.

Other Optional Coverage: You can add more protection for you and your family by purchasing optional dental benefits or life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

How family deductibles and family out-of-pocket maximums work

For family coverage, either one or more members must meet the family deductible before any covered services that are subject to the deductible will be paid by the plan. The family out-of-pocket maximum can be met by either one or more members. Once the maximum is met, no additional coinsurance will be required for the family for the remainder of the calendar year.

Wisconsin Coverage Details

Things you need to know before you buy...

SmartSense[®] Plus, Premier Plus, CoreShareSM and Lumenos[®] HSA Plus

Before choosing a health care plan, please review the following information, along with the other materials enclosed.

Who Can Apply?

You can apply for coverage for yourself or with your family. You must be a resident of Wisconsin, under the age of 65, not eligible for Medicare and a legal resident of the U.S. You must also not be covered by any other group or individual health plan and meet our underwriting guidelines. Family health coverage includes you, your spouse or domestic partner and any unmarried dependent children under the age of 27.

What's A Pre-Existing Condition?

For applicants age nineteen (19) and older, our plans cover pre-existing conditions after you've been enrolled in the plan for 12 months. A pre-existing condition is any undisclosed condition that was diagnosed, treated or for which a health care provider recommended that you receive care or treatment within the 12 months right before you enrolled. The pre-existing condition limitation does not apply to applicants under the age nineteen (19).

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, then you can use your prior coverage for credit toward the 12-month waiting period. Anthem Blue Cross and Blue Shield will credit the time you were enrolled on the previous plan.

Access to the Medical Information Bureau (MIB)

Information regarding your insurability will be treated as confidential. Anthem Blue Cross and Blue Shield or its reinsurers may, however, make a brief report thereon to the MIB, a not-for-profit membership organization of insurance companies, which operates an information exchange on behalf of its Members. If you apply to another MIB Member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, MIB, upon request, will supply such company with the information in its file.

Upon receipt of a request from you, MIB will arrange disclosure of any information it may have in your file. Please contact MIB at 866-692-6901 (TTY 866-346-3642). If you question the accuracy of information in MIB's file, you may contact MIB and seek a correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act.

The address of MIB's Information Office is:
50 Braintree Hill Park, Suite 400
Braintree, MA 02184-8734

Information for consumers about MIB may be obtained on its website at www.mib.com. Anthem Blue Cross and Blue Shield, or its reinsurers, may also release information in its file to other insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

Utilization Management and Case Management

Our Utilization Management (UM) services offer a structured program that monitors and evaluates member care and services. The UM clinical team, which is made up of health care professionals who hold active professional licenses and certificates, perform the prior authorization, concurrent and retrospective review processes explained below. The

UM team follows criteria to assist in decisions regarding requests for health care and other covered benefits, and complies with specific timeframes to ensure requests are handled in a timely manner. Our case management services help you to better understand and manage your health conditions.

Prospective Review / Pre-Admission Review

Prospective review (also known as pre-service or pre-admission review) is the process of reviewing a request for a medical procedure or service before it takes place. The review occurs to ensure that: 1) the procedure is medically necessary and 2) the procedure meets your health care plan's specific guidelines prior to being performed. Requests for prospective review may include but are not limited to:

- inpatient hospitalizations
- outpatient procedures
- diagnostic procedures
- therapy services
- durable medical equipment

Prospective review is required for all elective inpatient admissions and certain outpatient services. The review process evaluates medical necessity and the best level of care and assigns expected length of stay if needed.

Concurrent Review

Concurrent review is an ongoing evaluation of a member's hospital stay, as well as ongoing extensions of services that may be needed (such as acute care facilities, skilled nursing facilities, acute rehabilitation facilities, and home health care services). The review includes physicians, member-assigned health care professionals (or member authorized representative) and takes place by telephone, electronically and/or onsite.

Concurrent review uses pre-set decision criteria in order to approve medical care (deemed to be medically necessary) and assign the right level of care for continued medical treatment. Review decisions are based on the medical information obtained at the time of the review. Concurrent review also helps to coordinate care with behavioral health programs.

Retrospective Review

The retrospective review process consists of obtaining information to determine medical necessity as it relates to services provided without approval or notice ahead of time (e.g. without pre-service notification). Relevant clinical information is required for the retrospective review process. Review decisions are based only on the medical information the doctor or other provider had at the time the member received medical care.

Case Management

Case managers are licensed healthcare professionals who work with you to help you understand your benefits and support your health care needs. The case manager works with you and your doctor to help you better understand and manage your health conditions.

Our Appeal Rights And Confidentiality Policy

If we deny a claim or request for benefits completely or partially, we will notify you in writing. The notice will explain why we denied the claim/request. You may contact Customer Service if you have questions concerning the denial. You may also file a grievance by sending a letter to us. You should send any additional information that supports your grievance and state all the reasons why you feel the grievance request should be granted. We will review your grievance and let you know our decision in writing, usually within 30-60 days of receiving your grievance. You may also have the right to request an external review. For more information on the grievance and external review of other rights, please review your Contract or Certificate of Coverage.

In addition to your rights to file a complaint or grievance concerning your claim or benefit denial, you may also be entitled to an independent review by medical professionals who have no connection to this insurer to address the concerns you have about your claim. Typically, you must first complete the insurer's internal grievance process before you can

initiate an independent review. However, you do not need to complete the grievance process if you need immediate medical treatment and the time period for completing the grievance process will cause a delay that could jeopardize your life or health or we agree with you that it is in everyone's best interest to proceed with your concern directly to independent review. Unless our notice of decision includes a different address, send requests for a review of appeal to:

Anthem Blue Cross and Blue Shield
Attn: Wisconsin Grievance Unit
P.O. Box 33200
Louisville, Kentucky 40232-3200

You may also contact the Office of the Commissioner of Insurance (OCI), if you have a complaint at: OCI Complaints Department, P.O. Box 7873, Madison, WI 53707-7873 or call at: 1-800-236-8517 / if in Madison at 266-0103. In addition to the appeals processes we just described, Anthem has adopted a confidentiality policy in Wisconsin. This policy includes guidelines regarding the protection of confidential member information and a member's right to access and change information in Anthem's possession. The policy clearly points out when a member needs to sign a release before Anthem can disclose information to a member's provider, spouse or other family members.
